

Daily Report

General Report Info

Date	July 21, 2025
Internship Track	Front-End (JavaScript)
Team Lead	Ali Hyder
Week	5
Day	1

Daily Summary (Team-Wise)

Category: Remarks

- Overall Attendance:

13 out of 13 interns joined today's session.

- Response & Activeness:

Interns showed high interest in understanding DOM manipulation using JavaScript. They followed live examples and practiced creating dynamic web content.

- Common Questions Asked:

- How do we access elements using `querySelector` vs `getElementById`?
- What is the difference between `innerHTML` and `textContent`?
- How to add or remove classes dynamically using JS?

- Issue Resolution:

- Demonstrated DOM selection methods with examples.
- Clarified real-time manipulation of element properties and classes.
- Guided interns through event listeners and dynamic style changes.

- General Observations:

- Interns successfully created small DOM-based projects like color changers and click counters.
- Some confusion around selecting multiple elements was resolved.
- Live preview through browser dev tools helped understanding.

- Suggested Improvements:

- Practice creating interactive forms and event-based DOM updates.
- Use dev tools to inspect and debug DOM-related scripts.

- Explore creating reusable DOM functions.
