

# Daily Report – Graphic Design

## General Report Info

Field	Description
Date	July 18, 2025
Internship Track	Graphic Design
Team Leads	Imran Gul
Day	Day 5

## Daily Summary (Team-Wise)

Category	Remarks
Overall Attendance	8 out of 8 interns joined today's session
Response & Activeness	Interns were attentive and showed consistent effort while working on label design techniques

## Common Questions Asked

- How to design custom brushes for texture detailing
- Ways to manage large PSD files efficiently
- What's the role of smart filters in maintaining design flexibility
- How to integrate vector shapes smoothly in raster mockups

## Issue Resolution

Interns faced issues with managing heavy PSD files and handling complex textures. These were resolved through:

- Demonstrations on creating custom texture brushes
- Best practices for file size optimization without losing quality
- Guidance on using smart filters for non-destructive effects
- Sessions on combining vector and raster layers effectively

## General Observations

Interns worked steadily on developing texture detailing and file management techniques. They collaborated during design breakdown discussions and practiced file organization methods to streamline workflows.

## Suggested Improvements

Interns are advised to:

- Create and use custom brushes for adding realistic textures
- Organize files using layer folders and color coding
- Apply smart filters instead of direct adjustments for flexibility
- Use vector masks for sharper element integration

## Individual Intern Tracking

No	Name	Present	Submitted Task	LinkedIn Log	Queries Asked	Notes
1	Atzaz	Yes	Yes	Yes	Asked about creating brushes from textures	Designed custom brushes for backgrounds
2	Tooba	Yes	Yes	Yes	Inquired about organizing heavy PSD files	Structured project using layer folders
3	Maheera	Yes	Yes	Yes	Needed help with combining vector and raster layers	Applied vector masks for label integration
4	Umme Habiba	Yes	Yes	Yes	Asked how to reduce PSD file size	Optimized layers and disabled unused effects
5	Mazhar Saleem	Yes	Yes	Yes	Wanted to use smart filters effectively	Applied smart filters to texture layers
6	Maaz Khan	Yes	Yes	Yes	Asked about vector shape handling in mockups	Imported and adjusted SVG files inside PSD
7	Mahnoor	Yes	Yes	Yes	Inquired about detailed texture application	Used custom brushes for packaging surfaces
8	M Hassan	Yes	Yes	Yes	Asked about maintaining sharpness after scaling	Practiced smart object scaling techniques

## Notes

Questions from today's session included:

- How to design brushes for texture application

- Best methods for PSD file organization and size control
- Techniques for combining vector and raster layers
- How to apply smart filters for flexible, non-destructive edits
