DAILY Report Front-End (JavaScript)

General Report Info

Date   : July 25, 2025

Internship Track   : Front-End (JavaScript)

Team Lead   : Ali Hyder

Week   : 5

Day   : 5

Daily Summary (Team-Wise)

Category	Remarks
Overall Attendance	12 out of 12 interns marked present today as per check-in screenshot.
Response & Activeness	Interns revised key concepts from the week and practiced hands-on tasks.

Common Questions Asked

- How to structure real projects using JavaScript?

- How to debug issues in LocalStorage operations?

- What are best practices for using arrow functions?

- What if LocalStorage is full?

- Can we create reusable function utilities?

Issue Resolution

- Recapped the use of JSON and LocalStorage in real scenarios.

- Demonstrated function reuse by building simple utilities.

- Explained debugging techniques using browser tools.

- Handled questions about cross-browser storage limits.

General Observations

- Interns were more confident in applying JavaScript to tasks.

- They reflected on the week's learning and connected ideas.

- Teamwork and peer guidance were evident during practice sessions.

Suggested Improvements

- Attempt more small real-life use cases using functions.

- Organize project files to improve maintainability.

- Continue JSON and LocalStorage exercises independently.

- Review all concepts covered in Week 5 to strengthen understanding.
